tyre pressure gauge
tyre irons
tyre pump or air tank
feeler gauge set
Vernier caliper (metric)
pressure/vacuum testing equipment
Open end wrench 15 mm (9/16 in)

Honda Special Tools

Any special tools for your CRF purchased from your Honda dealer.

- Tensioner stopper 070MG-0010100
- Lock Nut Wrench 070MA-MEN0100
- Spoke Wrench 07JMA-MR60100
- Spoke Wrench 070MA-KZ30100
- Piston base 07958-2500001

Purchase the PGM-FI setting tools [1] and [2] from your Honda CRF dealer.

- [1] Serial-USB I/F unit assy 38880-N1C-770
[2] PGM-FI/IGN CD-ROM 38771-N1C-770

* If you already have the 2009 YM serial-USB I/F unit assy (38880-N1C-670), you need to purchase setting tools [2] and [3].

- [3] SUB CORD SERIAL-USB I/F
38882-N1C-770

Chemical Products

Honda "4-STROKE MOTORCYCLE OIL" or equivalent
(Engine and Transmission Oil)
SAE 80 or 90 gear oil
KHL15-11 (KYB)
DOT 4 Brake Fluid
Chain Lube
Honda Foam Air Filter Oil
Honda Dielectric Grease
Hand Grip Cement
Honda Thread Lock
Molybdenum disulfide grease (containing more than 3% molybdenum disulfide additive)
Honda White Lithium Grease
Multi-Purpose Grease
Rust-inhibiting Oil
Cable Lubricant
High quality ethylene glycol antifreeze containing corrosion protection inhibitors
Urea based multi-purpose grease designed for high temperature, high pressure performance (example: EXCELITE EP2 manufactured by KYODO YUSHI, Japan or Shell Stamina EP2 or equivalent)

Other Products

pliers-safety wire
safety wire
mechanic's wire
duct tape
plastic tie-wraps
hose clamps
drop light
electrical tape
Scotch-Brite Hand Pad #7447 (maroon)
Teflon tape
