

HELMET HOLDER

The helmet holder eliminates the need for carrying your helmet after parking. Insert the ignition key into the seat lock, and turn it clockwise to open the seat. Hang the helmet on the holder hook (1). Close the seat and lock it securely.

⚠ WARNING

Riding with a helmet attached to the holder can interfere with the rear wheel or suspension and could cause a crash in which you can be seriously hurt or killed.

Use the helmet holder only while parked. Do not ride with a helmet secured by the holder.
