

HELMET HOLDER

The helmet holder (1) is on the both sides below the seat. The helmet holder is designed to secure your helmet while parked.

Insert the ignition key into the seat lock, and turn it clockwise to unlock.

Hang your helmet on the hook at the seat hinge and lower the seat to lock.

To remove a helmet, unlock the seat. Lift the helmet off the holder and lower the seat, making sure it securely locked before riding.

⚠ WARNING

Riding with a helmet attached to the holder can interfere with the rear wheel or suspension and could cause a crash in which you can be seriously hurt or killed.

Use the helmet holder only while parked. Do not ride with a helmet secured by the holder.
