

Wiring diagram for a vehicle, showing the electrical system components and their connections. The diagram includes a fuse box, battery, alternator, and various switches and relays. The components are labeled with their respective functions and wire colors. The diagram is organized into sections, with the main wiring harness at the top and the engine compartment components at the bottom. The components are connected by a complex network of wires, with each wire labeled with its color and number. The diagram is a detailed representation of the vehicle's electrical system, showing the flow of electricity from the battery through the various components and back to the battery.

Legend:

B	BLACK
Y	YELLOW
W	WHITE
G	GREEN
R	RED
P	PINK
W	WHITE
GR	GRAY
