

Are You Ready to Drive?

Protective Apparel

To help prevent head injury from striking an occupant protective structure (OPS) or other hard object, we recommend that occupants always wear a helmet secured with a chin strap.

To protect the eyes from brush and flying objects, we also recommend that occupants wear impact-resistant goggles or a face shield.

For your safety, we also recommend that you always wear boots, gloves, long pants, and a long-sleeved shirt or jacket whenever you drive.

WARNING

Driving or riding in this vehicle without a proper helmet and eye protection can result in serious injury or death in a crash.

Always wear a helmet secured with a chin strap, eye protection (goggles or face shield), gloves, boots, long-sleeved shirt or jacket and long pants when driving or riding in this vehicle.
