## To change the average fuel mileage meter unit:

! Turn the ignition switch on.
! With average fuel mileage displayed, press and hold the mode switch more than 2 seconds.

You can select "mile/gal", "mile/L", "km/L" or" $L / 100 \mathrm{~km}$." If the "mile/gal" or "mile/L" is selected, the odometer and tripmeter are shown as "mile." If the "km/L" or "L/ 100 km " is selected, the odometer and tripmeter are shown as "km."
