

## Instruction for Use of Parts Catalogue

- **This Parts Catalogue describes all spare parts, as well the flat rate time (F.R.T.) for the POP100.**
- This parts catalogue was prepared based on the latest information available as of January, 31, 2007.
- Always specify the part number when ordering a part.
  - Check the model, type, serial numbers, color, maker, and the size as needed before ordering a part.
  - Note that the illustrations (part drawings) can differ from the actual parts in shape. They are given just to help you to refer to the parts.
- When modifications or additions to this parts catalogue are made, a revised edition will be issued at an appropriate time, with successively progressing revision numbers on the cover.
- **We recommend obtaining such revisions in order to keep your parts catalogue up-to-date at all times. To check whether a parts catalogue revision has been issued, please contact your HONDA distributor.**
